

Application No. 10/019,962  
Supplemental Amdt. dated July 2, 2003  
Reply to Office Action of March 4, 2003  
Docket No. 3501-1001

REMARKS/ARGUMENTS

Claims 1-12 are pending in the present application.

It is believed that this application has been amended in a manner that places it in condition for allowance at the time of the next Official Action.

In the outstanding Official Action of March 4, 2003, it was alleged that the formulas recited in claim 9; claim 11; and on page 5, lines 6-19 and lines 26-30 were incorrect. In the interest of advancing prosecution, these formulas were amended. However, the formulas were incorrectly amended to recite a cyclobutane ring rather than an epoxy ring as set forth in the original specification and claims. Thus, the present supplemental amendment amends the specification and claims to recite the proper formula.

In view of the amendment of June 4, 2003 and the corrections made in the present supplemental amendment, it is believed that this application is now in condition for allowance, with claims 1-12, as presented. Allowance and passage to issue on that basis are accordingly respectfully requested.

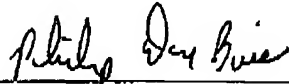

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any
